Martha's Vineyard Surface Waters

MV Watershed team Revised/added to by W. Wilcox at MVC	Sanitary Survey	Public access	Town Water supply well in watershed? Or pond in well contribution area	Biomap	Endangered species habitat	Priorities/Notes
Albert's Pond						
Angelina's Pond						
Alvin's Lane Pond						I think this is a small backyard pond (a few 1000 s.f). right on State Road.
Beetle Swamp						AKA Sweetened Water Farm Pond
Big Homer's Pond						
Black Brook						
Black Point Pond						Circulation/flushing drains to Tisbury Great through a shallow ditch
Blackwater Brook						
Blackwater Brook Pond						road runoff at Lambert's Cove Road. Discharges as Coca Cola Creek- strongly colored with tannins and periodically showing high fecal coliform counts.
Bliss Pond						
Brine's Pond		Yes				
Brookside Farm Pond						
Brush Pond		Yes				heavily developed watershed and MV Hospital wastewater outfall--nitrogen loading issue
Butler's Pond						
Cagney's Pond						
Caleb's Pond		Yes				tidal flushing; natural channel is sinuous
Cape Poge Pond	Sep-92	Yes				The most productive scallop pond in Mass. When its on. Some eelgrass decline in period from 2000 to 2002
Cedar Tree Neck Pond: see Daggett's						This may AKA Daggett's Pond??
